At Saint John's church in Tralee yesterday (Sunday 20th October) we were treated to singing and music played by unusual instruments, or unusual for us in Ireland! One was a 'hammered dulcimer' which we were told is the forerunner of the harpsicord. Other instruments were 'mountain dulcimer' or 'lap dulcimer' and an 'auto dulcimer'. The people are 2 married couples, Annette, Judy, David and Dana.
